

## AT LAST ENGLAND HONORS THE PILGRIM FATHERS.

A lot of good folks who weren't wanted in England once got into a boat and sailed for America. And just the other day a crowd of Englishmen and Americans assembled on the very spot where they set sail for the New World and unveiled a monument to celebrate the event.

The world waited nearly three centuries for that monument, for the Pilgrims sailed from Southampton, England, in the year 1620. The place where it stands is doubly significant, for today all the great liners that sail to America begin and end their trips at Southampton.

The monument is known as the "Memorial to the Pilgrim Fathers". The photograph shows the unveiling.

## COMES TO VISIT BUT FINDS FATHER DEAD

Miss Mila Burkett of Arizona Learns of Loss of Parent for First Time on Her Arrival Here.

Coming to South Bend five days ago in search of her father, Dr. W. W. Burkett, only to learn of his death six weeks ago, Miss Mila Burkett, aged 37, of Arizona, was found near No. 3 hose house Wednesday evening.

John Stoney, one of the firemen, summoned the police ambulance and she was taken to the county infirmary where Dr. R. H. Calvert was called.

The woman came all the way from the far west in the hopes of seeing her aged father whom she believed to be failing fast. When she arrived in the city last week she proceeded to the old home residence at 211 N. Hill st. and for the first time after her long journey of days found that her parent had died Monday, July 14.

Penniless the woman remained in different places until Wednesday when sick and weak she gave out near the fire station. Her condition is not serious, according to the doctor.

## FOOD IN STORAGE FOR THE LAST SEVEN YEARS

PHILADELPHIA, Aug. 28.—More than 100,000 pounds of meat and eggs, which have been in the cold storage houses of this city since 1906 were condemned Wednesday by agents for the state dairy and food commission and warrants were issued for the arrest of the dealers responsible for the "unit" products.

In addition, 40,000 pounds of game, which was stored in 1911, was tagged as unfit for food.

Under the new cold storage act, which went into effect Aug. 14, there is a penalty of \$500 or imprisonment, or both, for storing beef more than four months; pork, sheep and lamb six months; veal three months; butter and fish, nine months; fowl (drawn), five months; undrawn, 10 months.

## PUBLIC OPINION DEMANDS CHANGE

Time is Ripe For a Revolution Against the World's Educational Institutions on Sex Hygiene.

BUFFALO, N. Y., Aug. 28.—Scientists and educators of the world-wide fame at the Fourth International Congress on School Hygiene in special session Wednesday agreed with practical unanimity that the time had come when the attitude of the world's educational institutions toward sex hygiene should be revolutionized. They saw in the silence of the past on the subject a growing and real menace to the future of the race that must be combated by a system of education without exaggerated or morbid suggestion.

Public opinion, they maintained, has already reached the point where this revolution is demanded. Dr. Charles F. Elliot, president of the congress; the Rev. Richard J. Tierney, S. J., of Woodstock college, Maryland, and other prominent delegates discussed the subject at a symposium attended by the entire congress Wednesday afternoon.

"A remarkable change in public opinion has taken place in regard to sex hygiene," Dr. Elliot said, "using the term in its broadest sense. The policy of silence was almost universal. Medical discoveries have contributed to the shift in public opinion which also has been moved by the many signs of physical deterioration consequent on the rush to city life.

"The most important question is: What force can now be put in play against the formidable evils which gravely threaten the very life of the race? No one force or agency can be completely relied upon."

This attack, he said, must be made against the three principal causes of the present evil conditions: First, lust in men; second, complete lack of moral principle in certain classes of women, and third, depravity of those who make a commerce of these two.

Commercialized vice should be attacked in all its forms by all the powers of the law. The ancient policies of toleration and licensed segregation and regulation must be uprooted. Segregation has nowhere been successful. Regulation is a confessed failure. Laws against undesirable marriage need to be revised.

The Rev. Richard J. Tierney said his convictions were not favorable to the movement in all its details.

"But Christ hygiene, will cleanse the world," was his advice.

## BOIL THEIR WATER.

PORT WAYNE, Ind., Aug. 28.—All users of city water have been ordered to boil their water supply owing to the discovery of typhoid germs in the water.

## HE MISSED THE CAT: HIS CAR OVERTURNS.

TERRE HAUTE, Ind., Aug. 28.—Rather than run over a cat which was rambling leisurely across the road five members of an automobile party were injured Wednesday when their car turned turtle in the ditch near St. Mary of the Woods. The driver, E. C. Brown, of Oakland, Ill., received a lacerated hand; Miss Nadine Ewing of Louisville, Ky., received a broken arm while Miss Bertha Walker and Mr. and Mrs. E. T. Cooper of Terre Haute, were bruised and badly shaken up.
